

REMARKS

In the published PCT application papers, the surname of the second named inventor is correctly spelled "Prendergast". However, when the US national continuation application was filed on August 16, 1999, this surname was erroneously spelled as "Pendergast".

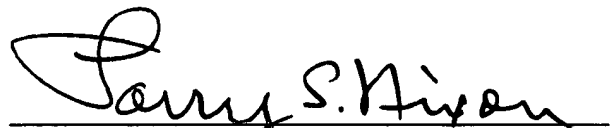

The inventors' declaration and other completion papers initially forwarded to the inventor continued this mis-spelling.

The executed completion papers with the mis-spelling have been received and are attached. However, now that the mis-spelling has been noted, an extra substitute inventor's declaration for inventor Prendergast is attached having his surname spelled correctly. It is respectfully requested that the USPTO records be corrected to reflect the correct spelling of inventor Prendergast's surname.

Respectfully submitted,

NIXON & VANDERHYE P.C.
